

## Tradition

As a part of its continuing ministry, King of Kings Lutheran Church has established the tradition of the early American churches by providing for a final resting place. Cremation is consistent with the Christian view that the physical body disintegrates and a new body is given by God in Resurrection.

## Planning Ahead

You plan your retirement long before you retire; you plan through wills and trusts for the disposition of your worldly possessions. It also makes sense to plan ahead for that ultimate event—the end of your life on earth. In that grief-stricken period following the death of a loved one, families are faced with many difficult decisions. You can relieve your family of a major decision by making your own burial plans.

## Contact Information

For more information about purchasing the right of interment, call Dianne Johnson or the Church office at 651-738-3110.

## Columbarium

The special place that is becoming the modern churchyard cemetery is a columbarium. It is an above ground durable structure designed to contain niches of cremated human remains (cremains). The columbarium is a place of solitude located on the west side of our Sanctuary.

## Memorial Garden

The King of Kings Memorial Garden is expanding to include brick pavers that can be engraved with name, year of birth and year of death in memory of a loved one. The project is self-funded. The cost of each engraved paver is \$100, which is tax-deductible.

## Urns & Inscriptions

### Sheet Bronze Urns

There are endless options for cremation urns. While our columbarium may accommodate other urn styles, we recommend the sheet bronze urn because it addresses space, economic, and management concerns. Two of these urns, which are 5½" x 5½" x 7 each, will fit into our niches.

### Inscriptions

Names and dates are inscribed into the marble fronts. For clarity, letters on the inscription are highlighted with a painted color in the depth of the engraving to provide beautiful, long lasting readability.
