UPDATES

4th Quarter

One of the most anticipated events of the year is the Thanksgiving celebration. Although it is true that this has not been part of our culture, a special day of thankfulness has become a heritage that our founding pastor, Peter Hearne, has shared with us and we love it.

God has been good!

Having a dinner to remember together as a ministry, how good God has been, is something very special.

Everything was very beautiful, from the turkey parade, the time of praise and worship, the participation of the seniors with testimonies, to the memorable drama of the pilgrims, that can never be missed.

SHUT INS
Abuelitos

This meal delivery was very exciting. The shut ins program also celebrated Thanksgiving with delicious turkey.

The way they receive us is always special, with a big smile.

We meditate in this bible verse, psalms 145:9 *"The Lord is good to all; He has compassion on all he has made."*, amazed at how good God has been and how he wants to bless them. We took time to pray and give thanks.

Please keep them in your prayers, especially for those who are in poor health. Also, for more compassion, love and care from their families towards them.

DECEMBER

EL VARILLAL

Children Feeding Center

We visited Saul Edgardo, one of the children at the feeding center, whose medical diagnosis was terminal brain cancer. We prayed for him and asked for strength and God's peace for him and his family.

Very sadly, a few weeks later he passed away, leaving an immense void in the family and the feeding center.

We ask for your prayers for his family, that God may pour out his strength and peace to their hearts.

MERRY CHRISTMAS

Abuelitos

The abuelitos love celebrations, especially the ones who do not have a loving family to live with.

The senior center is their home, they are family. Like a beautiful family at Christmas, they had a delicious lunch, complete with a typical Honduran Christmas dessert, a "torreja", and meditated on the Word of God.

With great joy, they each received a sweater as a gift, just in time for the cold season.

Please pray for provision for more recreational activities, physical therapy exercises, and gardening projects.

DECEMBER

HAPPY NEW Year

As we prepared for this celebration, there was much on the minds and hearts of those of us who were put to lead this beautiful ministry. Everything we achieved, what needs to be changed and improved, new projects.

Asking God for direction becomes the most important and wise thing. What does He want to do through us? What does His heart long for from Linaje Escogido?

And we heard the voice of God and his response was: Doors open to worship. And we have understood that our worship as a ministry goes beyond singing in a service or playing songs at full volume in our homes. To worship is also to bring with our words restoration and life to the hearts of each one of those who need it, to build and declare the Word of God. It is also using our hands to hug, wiping away tears; our ears to listen to those who are never heard, our feet to walk and reach the places others will not go. Cook, use a broom, clean a bathroom, carry a chair, have a conversation with someone, pray for others... everything we will do this year will be for the purpose of bringing worship to the name of Jesus.
